			Status	Comments
1.1 AFRICALIA seeks a local expertise to support partners in meeting deadlines and procedures. This local expertise is a technical adviser, a facilitator. It assumes control of documents and justifications of partners. It ensures compliance with deadlines and procedures.	November 2022 - December 2026	Programme Manager	work in progress	
1.2 Monitoring and evaluation procedures and templates have been reviewed.	May - June 2022	Managing director	finished	
1.3 Logical framework - An Excel spreadsheet will be designed with formulas and guidelines for how to complete this table. Partners will be asked to complete it at the time of each annual report.	July - September 2022	Programme manager & Programme assistant	work in progress	
1.4 Financial monitoring: a financial monitoring tool has been developed. It integrates the data of each partner. It will be updated once the four-monthly reports have been validated.	May 2022 - January 2027	Financial officer	work in progress	This will allow us to follow the budget consumption rate by country and partner.

<p>1.5 The Technical Monitoring Committee meets at least twice a year. Objectives of this committee:</p> <ul style="list-style-type: none"> - Ensure the proper execution of the planned activities in the MYP. - Verify the consumption rate of the budgets in accordance with the budget granted by Africalia and in compliance with administrative and financial standards in force. - Follow-up on difficulties and problems encountered in the execution of activities and which require adjustments. 	<p>September 2022 - January 2027</p>	<p>Programme manager</p>	<p>work in progress</p>
